of Nursing (ECSACON)

THE EAST, CENTRAL AND SOUTHERN AFRICAN COLLEGE OF NURSING

THIRD QUADRENNIAL SCIENTIFIC CONFERENCE

LUSAKA, ZAMBIA, 25 - 27 AUGUST, 2010

ANNOUNCEMENT AND CALL FOR ABSTRACTS

The East, Central and Southern African College of Nursing and its partners are organising the Third Quadrennial Scientific Conference to be held in Lusaka, Zambia. 25-27 August, 2010.

Theme: *Revitalising Primary Health Care and Achieving the Millennium Development Goals*

Sub-Themes:

1. Strengthening Human Recourses for Health Management for Effective Health Services Delivery
 - Taking stock of the impact of attrition on access to health services
 - Scaling up innovative retention strategies
 - Task shifting: implementing evidence based strategies
 - Work environment: Advocacy for practical solutions to rights, safety, and protection challenges
 - Using HRIS for decision making
2. Fostering Quality Assurance in Health Care
 - Enhancing patient and health worker safety in work environments
 - Engaging communities, governments, partners and the international community in promoting patient safety
 - Turning data and research knowledge on patient safety and health worker safety into policy and action for better results
3. Enhancing Equitable Access to Mental Health Care Services through Primary Health Care
 - Integrating mental health into PHC
 - Improving access to mental health services
4. Improving Maternal and Child Health; Moving Towards Achieving the Millennium Development Goals

- Translating research into public health practice to reduce maternal and child morbidity and mortality
- Mitigating the impact of unsafe abortion
- Improving child health and nutrition

5. Advocating for Improved Sexual and Reproductive Health Services Provision

- Strengthening partnerships for securing reproductive health supplies and commodities
- Improving sexual and reproductive health and rights
- Promoting young people's sexual and reproductive health and rights

6. Strengthening Primary Health Care for Prevention and Control of Communicable and Non-Communicable Diseases and Life-Style Health Problems:

- Prevention and Control of Non-Communicable Diseases
- Prevention and Control of Communicable Diseases
